Уважаемый Вениамин Шаевич,

Постоянным представительством Российской Федерации при международных организациях в Вене получено информационное письмо Организации Объединенных Наций по промышленному развитию (ЮНИДО) в котором сообщается, что в рамках мероприятий, посвященных 50-летию её основания, Секретариатом этого Спецучреждения ООН объявлен международный молодежный конкурс.

Творческое состязание состоит из двух частей: конкурса научного эссе на тему роли «Четвертой промышленной революции» (проводится для лиц 1986-1994 гг. рождения) и конкурса «Посланий будущим поколениям» (для возрастной категории 1991-1998 гг. рождения), посвященных ожиданиям, мечтам и надеждам молодых людей, связанных с осуществлением всеохватного и устойчивого промышленного развития.

Каждому из творческих конкурсов предьявляется набор определенных профессиональных требований: от написания исследовательского эссе на

научную тему до направления видео послания. Полная информация по условиям конкурса размещена на официальном сайте ЮНИДО [www.unido.org/youth-competition.html](http://www.unido.org/youth-competition.html).

Лауреаты конкурса получают гранты ЮНИДО и смогут принять участие в юбилейных торжествах организации в Вене в ноябре 2016 г.

Полагаем целесообразным рассмотреть вопрос об участии молодых, творчески мыслящих и передовых представителей российской молодежи в упомянутом конкурсе, что послужило бы субстантивным вкладом России в международные мероприятия, посвященные 50-летию основания ЮНИДО.

Приложение: упомянутое на 6 листах
